“USPOULTRY”

Who We Are

The U.S. Poultry & Egg Association is the world's largest poultry organization. Membership includes producers and processors of broilers, turkeys, ducks, eggs, and breeding stock, as well as allied companies. We have member companies worldwide and 27 affiliated state associations.

U.S. Poultry & Egg Association

Vision Statement

A nonprofit organization which represents its poultry and egg members through research, education, communications and technical services.

Mission Statement

- To partner with our state affiliates and national organizations to augment and influence each other's efforts in attacking common problems, avoiding duplication.
- To be committed to the advancement of research and education in poultry science and technology.
- To ensure the International Poultry Expo is the world's premier poultry exposition, benefitting both exhibitors and attendees.
- To always be responsive and effective to the changing needs of our industry.
- To increase the availability and constant improvement of the quality and safety of poultry products.
- To promote responsible practices in animal care and environmental stewardship.

Air Cargo Committee

WORKS TO SAFEGUARD CHICKS, POULTS AND HATCHING EGGS DURING TRANSIT

USPOULTRY's Air Cargo Committee was established over 30 years ago when primary breeders were increasing their global sales and shipping breeder chicks, turkey poults, and hatching eggs by air to many international destinations. But with the growing number of shipments, losses also began to increase.

U.S. Poultry & Egg Association

Air Cargo Committee

Several breeder companies joined together to form the USPOULTRY Air Cargo Committee to find ways to reduce the losses. They developed what became the Air Cargo Seminar to convey to the airlines proper handling techniques and environmental conditions necessary to protect their perishable, but valuable products.

Positive results were soon realized, and losses declined. Today, Air Cargo Seminars continue to be presented to airlines periodically in Miami, New York, Atlanta, Dallas, Chicago, and Washington DC.

Primary Breeder/Air Cargo Committee Member Companies

- Aviagen
- Aviagen Turkeys
- Centurion Poultry, Inc.
- Cobb-Vantress, Inc.
- CWT Farms, Inc.
- Hubbard Breeders LLC
- Hy-Line International
- Keith Smith Company, Inc.
- Morris Hatchery
- Keith Smith Company
- Valley Of The Moon Commercial Poult

Documentation/Health Certificate Concerns

While we realize that minimal delay is possible, when issues are not resolved expediently it results in high mortality, which in turn results a loss of millions of dollars of revenue for the shipper.
