

Tomal (Tom) Sohorah

Air Canada Cargo

Tomal (Tom) Sohorah is based in Toronto, Canada and is the Air Canada Cargo Products Manager for the shipping program for live animals - AC Animals. In 2018, he led the Air Canada Cargo project team to become the first airline to be awarded the Center of Excellence for Independent Validators for Live Animals Logistics (CEIV Live Animals) Certification.

Tom graduated from the University of Toronto with a BA in SocioCultural Anthropology and History. Tom later received his International Project Management certificate from the University of Toronto SCS and is currently pursuing his Project Management Professional (PMP) designation. Tom has over 12 years of aviation experience and 8 years in project management through his previous roles with WestJet Airlines and Royal Bank of Canada.
